Reading lost 21/2, Great Northern preferred 2%, Colorado Fuel 2½, Canadian Pacific 2¼, Southern Pacific 2%, and St. Paul 11/2. Atchison opened 1% lower, and Amalgamated 11/2. Pennsylvania lost 1%. 11 a. m.-The severe declines of 1 to 2 points sustained by most of the leading stocks at the opening were variously due to raiding, some foreign selling and secondary liquidation by commission houses of accounts that had been carried through the worst of the break. There were rumors of possible unfavorable developments today, but they lacked confirmation. Sentiment was bullish. Government bonds unchanged; other bonds steady.

dividend-paying ranks than ever before. The aggregate dividend disbursements of the various copper companies for March of this year will be the largest ever made in this month. Of the dividendpaying companies, Calumet & Hecla leads with a disbursement of \$1,500,000; Quincy Mining, \$450,000; American Smelters, a total of \$477,000, and the Federal Smelting Company disburses \$575,000. Greene Gold-Silver Company makes its first dividend payment of 4 per cent, and Butte Coalition pays out \$100,000.

The United States produces 75 per cent of the world's cotton, yet it imported last year from other countries nearly \$11,000,000 worth of raw cotton, to say \$11,000,000 worth of raw cotton, to say nothing of cotton waste valued at over \$1.000,000, making the average importation of cotton into the greatest cotton-producing country in the world about \$1.000,000 worth per month. The cotton so imported is, however, in most cases of a different quality from that produced in the United States, being chiefly Egyptian cotton, of which the long and siky fiber is utilized in the manufacture of high-grade cottons and in some cases for mixing with silk in manufacturing.

Surprise is expressed that more short four bonds are not presented for redemption. The banks hold great blocks of them and if tight money exist as they allege, they can get ready money by redeeming the bonds which mature July 1 next. Up to this time, since December 10, 1906, when the Treasury began bond purchases of fours, but \$5, 250,000 has been presented. There is outstanding over \$110,000,000.

TO MANY ROBBERIES

ALLENTOWN, March 18.—With two coat buttons as a clue, Chief of Police Bower has solved the mystery of a score of robberies recently committed in this section, and has but an end to a small-sized reign of terror among small shop-keepers of this city.

In climbing over the transom of the office of Frank Jacobs, an attorney, Clifford Yocum, aged eighteen years, lost two buttons from the coat he wore. Chief Bower, who suspected the lad, called at the department store where he was employed this afternoon, found that the coat Yocum wore was minus two buttons corresponding with those found, and arrested him after a chase of over a mile through alleys, back yards and over fences.

Yocum is the alleged leader of a gang of thieves who have committed many petty robberies recently, getting an aggregate of over \$500 in hooty. petty robberles recently, getting an ag-gregate of over \$500 in booty.
